## INTERNSHIP

### Intern at Startup Odisha

Sept 2023 - present

- Developed a **responsive website** UI using HTML, CSS, and JavaScript that reduced overall page load **speed by 15%**.
- Successfully debugged the **web-related issues**, leading to **improved efficiency** and performance.

## PROJECTS

### Crypstocks | Crypto Market Data App | ReactJS & Axios

Deployed Link | Github Link

- Centralizes all essential cryptocurrency **market data** in a single app.
- Leveraged Axios to efficiently fetch data from diverse **crypto APIs**, ensuring timely and accurate information retrieval.
- Created a **user-friendly interface** presenting **real-time** coin prices, dynamic charts, 24-hour market statistics, and extensive crypto market cap data
- Data of total **20,106+ coins across 534+ exchanges**.

**Technologies** : ReactJS, Javascript, Axios, HTML, CSS

### PasswordGen | Secure Password Generator

Deployed Link | Github Link

- Developed a **user-friendly** web application empowering users to create strong and secure passwords.
- Implemented a customisable password generation app, allowing users to specify **desired password length**.
- Provided options for including **uppercase letters, lowercase letters, digits**, and special characters in generated passwords.

**Technologies**: HTML, CSS, JavaScript, GitHub, Netlify

## EDUCATION

### ITER, SOA DEEMED UNIVERSITY

Pursuing B.Tech in Computer Science & Engg.

Graduating in June 2024

CGPA - 8 - till 5th semester

### JUPITER SCIENCE HIGHER SECONDARY SCHOOL

12th Senior School | 2020

### SARASWATI VIDYA MANDIR

10th Senior School | 2018

## SKILLS

Java, Data Structure & Algorithms, SQL

### Frameworks

HTML, CSS, JavaScript, ReactJS

### Developer Tools

Github, Visual Studio Code, Git

## CERTIFICATIONS

### Java (Basic) Certificate

Sept 2023

## AREA OF INTEREST

Machine Learning, Artificial Intelligence

## LANGUAGES

English

Hindi

Odia
